## BUMBLEBEE

Numbering for the flowers as referenced in the instructions were omitted from the photos.

Refer to the diagram below for the number of each flower.

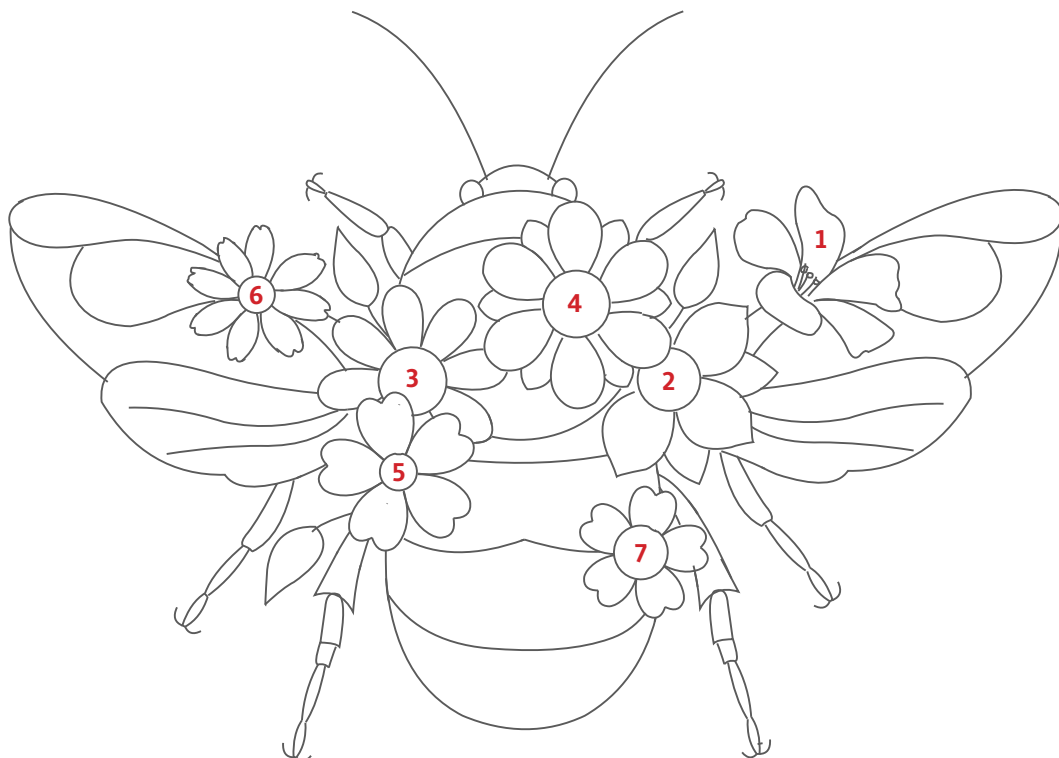

## ELIZABETH IN REPOSE

Transferring the design

The number of tacking stitches given to mark the outer left-hand edge of the Band A border is incorrect. The correct number of tacking stitches is thirty-six:

Beginning at this point, using the contrasting sewing thread and stitching over and under four threads, work a vertical line of tacking down the linen for **thirty-six** stitches (144 fabric threads).
